

Sports Club Collaboration System

Integrate SCCS with your existing website or we can develop a customized website with SCCS integrated for efficient communication and management of your club. Our system features - Upcoming fixtures, Weather reports, Sponsors, Google-map of your ground, Statistics of individuals, Fixture results, Photo galleries etc.

Admin Portal -

- Create and modify fixtures and Social events
- Accept or reject new member's request to join club.
- Add or remove Inventories.
- Add or remove sponsors.

Player Portal -

- Show availability for Match and Social Events.
- View availability of players.
- Notification and email for selected player.

Captain Portal -

- Team Generation.
- Assign Report Writer and Umpire.
- Notification and email for selected captain or vice-captain.

Report Writer Portal -

- Write report for every fixture.
- Report will generate stats and keep scores update.
